

Andy Tyerman

Head of Personalising Learning

**Response and the technology
perspective**

Where is ICT in the new proposals?

The challenge for users and learners- making effective use of technology

Most learners are highly confident using technology but almost half cannot find what they want!

Ofcom - Media Literacy Report

- Establish a skills progression in the use of technology
- Each educational stage building on the last – improving transition
- Improving higher order skills and transferability
- Increasing expectation and attainment

Quality Curriculum Experience – The challenge for teachers

- Regular planned use of, and reflection on technology
- Range and choice of educational opportunities
- Across all ‘areas of learning’
- Increased challenge and raised expectations
- Encourage safe and secure behaviours and attitudes
- Effectively modelled in the classroom
- Supported in the home and beyond the school
- Reflecting and building Digital Britain

Next Generation Learning for all – The challenge for schools and leaders

Only 25% of schools make coherent and effective use of technology to support learning

- Strategic leadership of learning, teaching and management
- Fit for purpose infrastructure
- Cost effective procurement of next generation products, tools and managed services
- Developing the whole workforce

Technology supported processes

- School management, communication and organisation
- Pupil tracking
- Assessment for / as / of Learning
- Parental engagement
- Reporting
- Collaboration
- CPD

IS YOUR SCHOOL READY?
