

Macbeth - Act 5 Scene 5

Imagine that you are the director for a production of Macbeth. You are in the middle of planning Act 5 Scene 5. You are creating a mini-set for this scene. Using your script, you will use your mini-set to direct the actors in this scene and choose how you would like them to act.

Use the internet or Paintbrush, print off the following:

1. An A4 picture to be used as **your background**.

This can be a picture of a castle (inside or outside).

2. Pictures of people to represent:

- **Macbeth**
- **Seyton**
- **The messenger.**

The pictures of these characters should all fit on one page of A4. They should not be any bigger than ½ of an A4 sheet.

Afterwards, we will return to the classroom where you can cut out your characters and colour them in.
